اختبار سموم

البروف/ نبيل الحمادي
البروف/ حسن المحبشي

جامعة صنعاء
الدفعة 37 طب بشري

1_Lsd , amphetamine and cola pills called design drugs? T,F

2_Dauter , lsd ..... hallucinations ? T,F

3_ shabow is methamphetamine and stronger than amphetamine ? T, F

4_kat has the same effect of amphetamines?

5_ the most famous type of amphetamines is captagon? T.F

.6_Methanol is antdot for ethanol? T .F

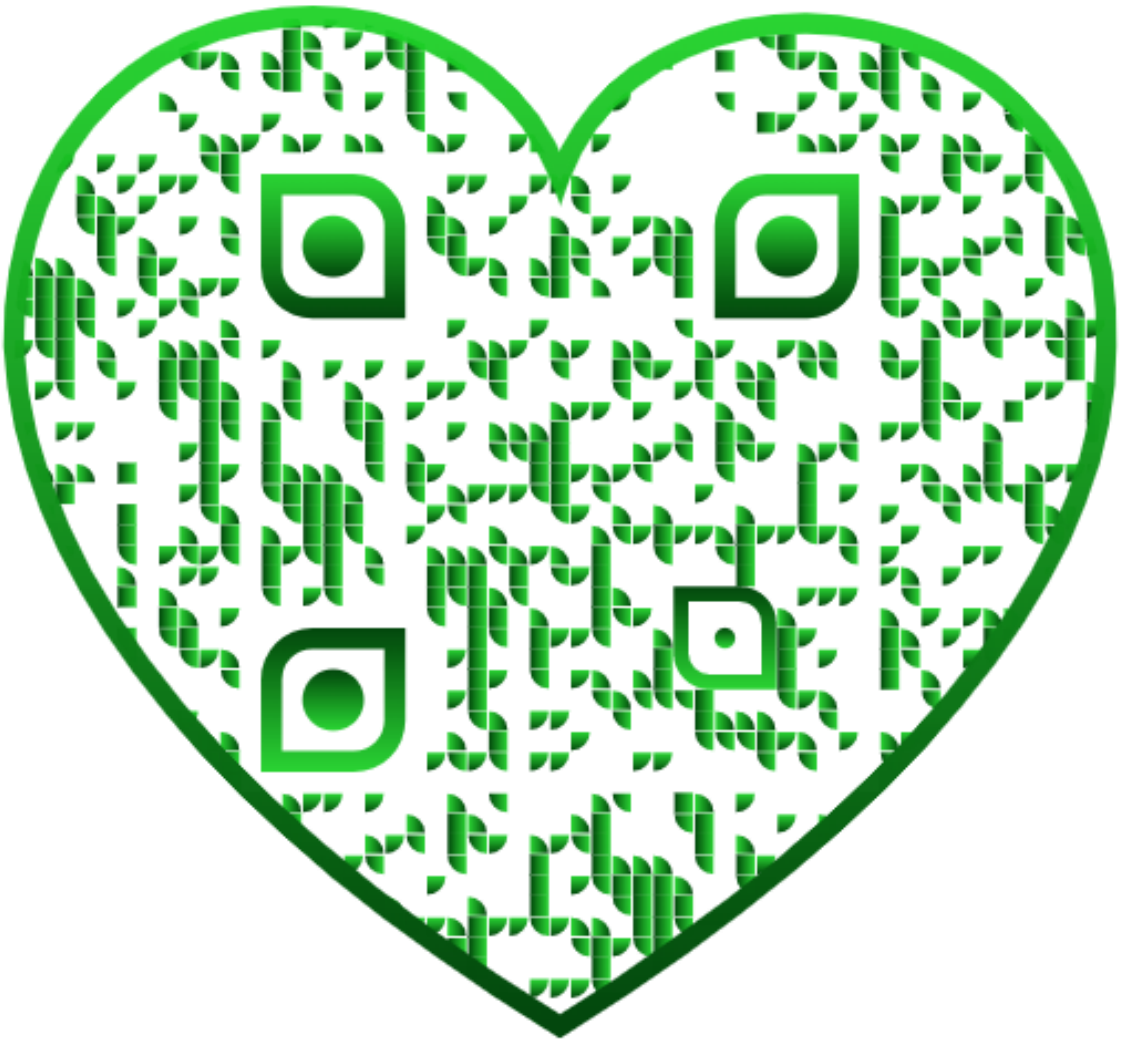
7_ magnan,s symptom found ? Mcqs

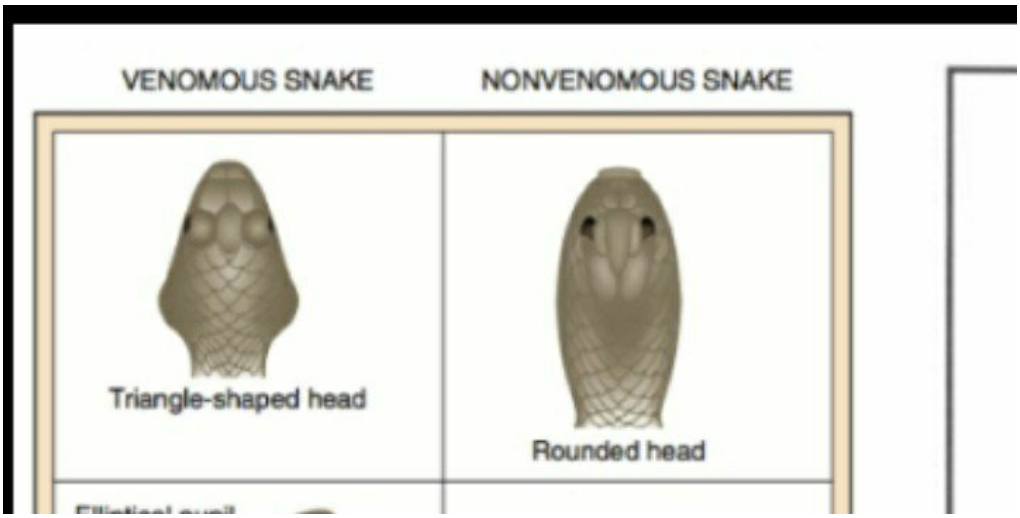
8_mee,s line occur in ? Mcqs

9_ yellowish skin color occur duo to ? Mcqs
حق الاحماض حمض النيتريك
10_ blindness and cns manifestation of Methanol due to ? Mcqs

Formaldehyde and formic acid

11_ صور راس الأفعى الذي في ملزمه الدكتور
وقال اين الشكل الذي يدل على انه سامه
صوره افعى ذات راس دائري
واخرى مثلث..
اختار
اين السم فيهم





12_ do Gastric wash ? Mcqs
تقريبا بهذا الصيغه
الاختارات كانت
Hcl
H2so4
Carbolic acid
Nitric acid

13_ co posing emergency ttt by
بهذا الصوره تقريبا
Co2 5%
Co10%
High o2
...
14_All snakes are poisoning ?

15_Sudden withdrawal occurs with opium poison

16_Gradual withdrawal occurs with coccain poison

17_Narcotian used in medicine

18_Opium used in corrosive.... ?

19_ Disulfiram is useful in:-
Alcohol dependency

20_Magnan's syndrome in cocaine

21_5 years child confusion -tachycardia-Miosis - sweating caused by

1.arsenic
2.opium
3.Atropin
4.OPC

22_Pulmonary complications is dangerous in cases of corosives

23_Narcotin use in ttt of neuroshock ....

24_Active choracoal used in

-Heavy material poison
-Barbiturate poison
-Alcohol poison
-Lead poison

25_Polyvalent Antivenom is effective for all snakes poisoning (True or False)

26_Oxalic acid is present in Khat , and it may causes Renal calculi (Ture or False)

27_Cytolytic venom cause neurotoxicity (true or false)

مش بالضبط بس كان بهذا المعنى

28_All are manifestation of acute morphine poisoning Except :
_ Fall blood pressure
_ Hyperpyrexia
...
....

29_Naturalization is very effective in corrosive poisoning (True or False)
ا

30_Organicphosate Causes all except

Lacrimation
Sweating
Bradycardia
Mydriais

31_Colic by lead posiso treat by.? Mcqs

_ Calcium glyconate + pressure at site of colic
_ Na bicarbonate

32_Blue line at the gingival margin cause by lead poisoning

33_Bango form 85 % of active substance of cannabis (True or false)

34_Child come with organophosphorus poisoning , the true order in case management is :
_ Atropine , Parlidoxime , Diazepam , airway clearance
_ airway clearance , Atropine , Parlidoxime , Diazepam
_ Diazepam , Parlidoxime , Atropine , airway clearance
مش بالضبط بس نفس الفكرة

35_Vitriolage is
1 ....
2 ... Throw H2SO4 ✔
3 ...
4 ....

36_Antidote of methanol is
1 BAL
2 Ethanol
3 Non
4 ...

37_Button Batteries.... of corrosives poisonin investigated by X-RAY
(T-F)

38_شخص تسمم ويعاني مني
Excessive sweating and tachycardia and contractors pupli we ttt by?

Phyostigemin
Neostigmein
Atropin
Adrenaline

39_Postmortem of co pos ?mcqs
1_cherry red coloration

40_CO toxicity can be treatment by under tension O2: T or F

41_which of following poisonings can be detected in nail and hair even after death?mcqs

42_ Metal that can be detected form nail/hair after death is :
_ Arsenic
_ Lead
_ Cadmium
..

43_ poison has Ecobolic action is :
_ Lead
_ Arsenic
....

44_Dilution by water must be done immediately for all corrosives corrosives if patient can able to swallown? T.F

45_Pin point pupils is a sign of OPC, opium & Ethanol poisoning..

46_Ethanol ttt by methanol 40% T.F

47_Antidote for opioid poisoning is :
_ Naloxone

48- Skin and eyes wash with rubbing in cases of corrosives

49 - local destruction caused by strong alkalosis and acidosis

50-khat active compound is cathione

كل الشكر والتقدير لجيمع الزملاء
الذين قاموا بتجميع الاسئلة
1- هشام العزاني
2- معاذ معياش
3- مرام الرميمة
4-عبد الكريم سلمان

5- وهيب دواس
6- جلال القليصي
